SUMMARY

I am a highly motivated Python Developer with expertise in the Django framework and Django Rest Framework. I have gained practical experience through an internship as a Django backend developer and numerous personal and college projects. Skilled in translating client requirements into efficient, user-friendly applications, I thrive in collaborative environments where I can contribute my technical expertise and problem-solving skills.

EXPERIENCE

Python Django Intern

Apr '23 — Jul '23

Arcitech

Mumbai, India

- Contributed as a backend developer on the development of the My Wedding App. Responsible for designing and implementing robust APIs using Django, with PostgreSQL as the database technology. Played a pivotal role in ensuring seamless functionality.
